Family Foot and Ankle Care Opens an Office in Suffolk

Family Foot and Ankle Care recently opened an office in the Sentara BelleHarbour Complex located at 3920 Bridge Road. The practice is currently leasing 2,500 square-foot of space on the 3rd floor. Family Foot and Ankle Care provides podiatric care for patients of all ages.

Practicing at this location is Dr. Marc Fink, DPM, board certified in foot surgery. Dr. Fink has been in practice for 15 years and he offers a variety of services for various foot and ankle problems and conditions. Dr. Fink specializes in treating patients with all types of foot and ankle conditions including bunions, hammartoes, foot and ankle sprains and fractures, tendonitis, arthritis, plantar fasciitis, and many other conditions.

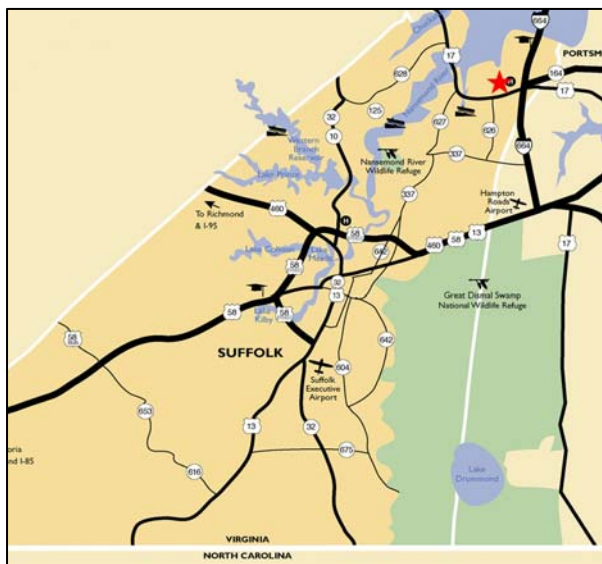

“I am delighted to be a part of the growing city of Suffolk and its medical community,” said Dr. Fink. “I look forward to serving all the citizens of this great city and the surrounding communities.”

“Dr. Fink’s practice is a welcome addition to Suffolk,” said Suffolk Mayor Linda T. Johnson. “The medical sector continues to expand in every specialty in our City, giving our citizens the option to stay in Suffolk.”

For further information or to make an appointment, you can contact Family Foot and Ankle Care at 757.547.3668.
