Downtown Suffolk's McEntire Davis Architects Celebrates 10 Year Anniversary

McEntire Davis Architects, headquartered in Downtown Suffolk, will celebrate their 10 year anniversary this month. Located at 1001 West Washington Street, McEntire Davis is a full service HUBZone and woman owned architectural firm. Some of their projects include: HRT's Light Rail in Norfolk, Veterans Administration in Hampton, Western Tidewater Community Board in Suffolk, Defense Supply Center in Richmond and Bay Vista Condominiums in Virginia Beach.

Cathy McEntire, Managing Partner at McEntire Davis states "We are very excited about this anniversary. Ten years, particularly in this economic climate, is quite a milestone for us. We have to thank all of our many clients who have allowed us to provide individualized solutions for their construction projects. We are committed to providing inspiring and compatible design solutions in an effort to augment the quality of our built environment. With every project that we undertake, our ultimate goal is to achieve a balance between the project program requirements and overall community enhancement."

"The City of Suffolk applauds the talent and dedication that McEntire Davis Architects has shown over the past 10 years" said Mayor Linda T. Johnson. "It is gratifying to see their continued professionalism and design talents included in so many significant projects."

McEntire Davis also provides turn-key design build services with their sister company, ArchiStructures LLC, a Class A Licensed Construction Company. For further information regarding McEntire Davis Architects you may contact them at 757.923.9800 or visit them at www.mcentiredavis.com.
